

**PAWS  
OFF!**

# K.I.T.T.E.N.

**DID YOU KNOW?**

Bringing kittens to the shelter isn't always best. Kittens have a higher chance of survival if they stay with mom!

**K**

## **Keep watch**

Observe from a distance. Mama cats may leave for hours to find food and will be back!

**I**

## **Inspect**

Check kittens for signs of injury, distress, or illness.

**T**

## **Touch for temperature check**

Are the kittens warm? If they are cold to the touch, call us- they may need urgent care.

**T**

## **Talk to us!**

Unsure of your next move? We're here to help! File a found report or call us for support.

**E**

## **Evaluate**

Monitor, if mom hasn't returned after 3 hours, or if kittens' condition worsens, it's time to step in.

**N**

## **Nurture**

Provide food, water, and shelter. Contact us for help with care supplies, spay/neuter and rehoming support.
